## BOARD REGULATION BR100

## Student Health Care

The Sudbury Catholic District School Board is committed to promoting the school attendance of students including accommodating those with unique health needs and promoting the concept and principle of healthy lifestyle practices. Recognizing the right of students to an education, the Sudbury Catholic District School Board shall respond to individuals and in our faith traditions.

The Board is also committed to protecting and promoting the health, safety, social and spiritual well-being of its students while in the care of the Board.

The Board shall comply with all appropriate legislation pertaining to student health care.

The Board believes that the ongoing provision of relevant health information and care needs of students are primarily the responsibility of the parents and guardians.
