BOARD REGULATION BR12

GENERIC SCHOOL VALUATION FRAMEWORK

1. REGULATION STATEMENT

- 1.1 School boards in Ontario are responsible for conducting public accommodation reviews to determine the future of a particular school or schools
- 1.2 The Sudbury Catholic District School Board recognizes that school valuation must be the focus of any pupil/school accommodation review process that may have an impact the future of a particular school or schools within its jurisdiction.

2. GENERIC SCHOOL VALUATION FRAMEWORK

- 2.1 In support of this principle, the Board will develop a Generic School Valuation Framework to guide Accommodation Review Committees (ARC's) appointed under Article 4 of Board Regulation BR10, in their assessment of school accommodation proposals.
- 2.2 The Generic School Valuation Framework will be structured to allow for the assessment of 4 key considerations about accommodation review proposals that will affect a school that has been placed "Under Review". Namely...
 - Value to the student
 - Value to the community
 - Value to the school board
 - Value to the local economy

(The value of the school(s) to the student to be weighed above the other 3 considerations)
- 2.3 The Generic School Valuation Framework will provide a tool for assessing the educational and economic value of schools within the system. Additionally this tool may be used to demonstrate the business and education case for potential replacement schools, help shape eligibility for operating grants and assist with the development of appropriate school consolidation procedures.
- 2.4 It is the Board's intention that The Generic School Valuation Framework will provide a transparent process for understanding the value of each individual school and facilitate the assessment of tradeoffs which may be necessary to make sound pupil/school accommodation decisions that can be appreciated by the wider community.
